option for iron and sulfur/
rotten egg odor.**

Ecologically friendly –

- The IC Junior System is a **“Green Technology”**

No Harmful Chemicals

- Results in low-cost operation
- No damage to plants and animals
- No hazardous chemicals in the home

Produces highly oxygenated water

- Free from odor
- Free from problem causing rust

Higher flow rates

- High-flow control valve
- Reduced pressure loss in the home
- Custom designs for larger homes

Single tank system

- Economical option for moderate iron and rotten egg odor

Iron Free Water

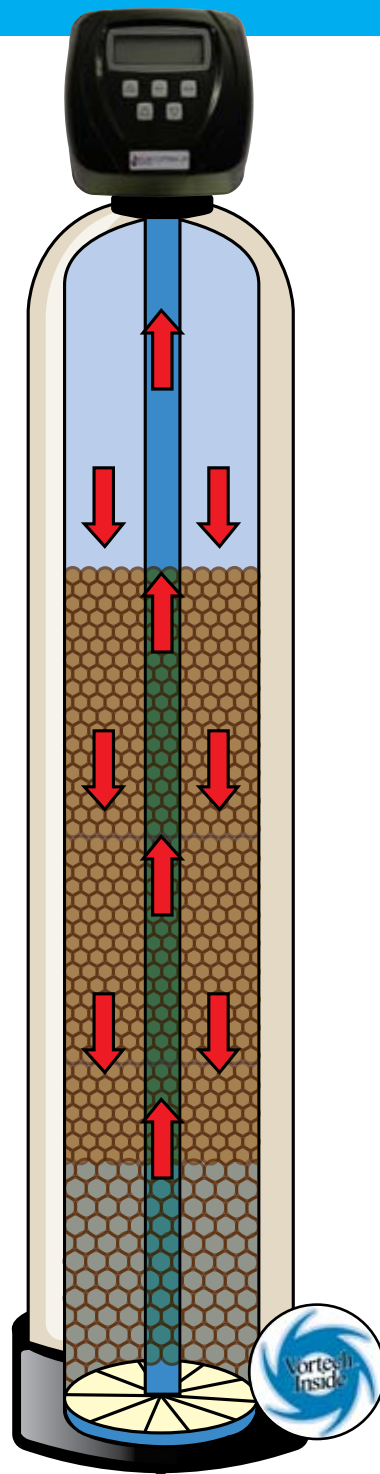

Only the Best Water Gets Past the Iron Curtain™ Junior Filter System.

Benefits of the Iron Curtain™ Junior Filter System

- Saves time and money cleaning rust stains in the bathroom, kitchen and laundry.
- Clothing will be brighter, whiter and last longer.
- Decreases salt consumption for your water softener.
- Water using appliances and fixtures last longer and stay cleaner.
- Lengthens the life of your water softener and drinking water systems.

Why The Iron Curtain™ Junior Filter System is Better Than Our Competitors:

- The Iron Curtain Junior is completely programmable. This offers custom programming for different water problems.
- The Iron Curtain Junior allows for superior oxidation making iron and sulfur odor removal more effective.
- The Iron Curtain Junior Filter System comes in two sizes to fit the water use demands of most homes. The Iron Curtain Junior can be used alone or in multi-tank configurations.
- Our multi-media system outperforms our competitor's single media systems.

Vortech™ Distributor - Enhanced filter cleaning. Not available in all sizes.
